REBUILDING TOGETHER

Each year Rebuilding Together-Lincoln County participates along with other affiliates across the nation in a National Rebuilding Together Day, which for our affiliate occurs this year on Saturday, April 29th. This is the day that volunteers—skilled, semi-skilled, and those with no specific skills—come together that morning to receive assignments to work on a designated home which has been selected to receive RT services. There is a need for more volunteers for this year's Rebuilding Together community service event. If you're interested, the volunteer form can be found on the RT website at www.rebuildingtogether-lc.org.

The day begins at the Boothbay Harbor Catholic Church parking lot at 7:30am to head off to the various project sites for the day.

KINDERGARTEN SCREENING

Screening for incoming kindergarteners for the 2017-18 school year will be held at Edgcomb Eddy on Wednesday, May 10th. Parents of children who will be 5 years of age by October 15, 2017 are asked to call the school to register for screening. At this time, parents are asked to bring their child's official birth certificate and a recent record of immunizations.

A chance to meet the teacher, see the classroom and enjoy a snack together is going to be held on Monday, May 8th from 3:15-4pm.

Please help us spread the word of these events.

THERE WILL BE NO SCHOOL FOR THIS YEAR'S KINDERGARTENERS ON WEDNESDAY, MAY 10TH.

Guidance class: 4th graders give the kindergartners a lesson on friendly introductions, and the importance of a good handshake, eye contact, and smile, when telling people who you are.

Emma Castonia practices a good handshake with kindergartners Lilly Cowing (l.) and Stella Chapman.

Fourth grader Oliver Lebeau practices a good handshake and eye contact with kindergartener Omar Dean.

Kindergartners Stella Chapman (l.) and Lila Lehouillier perform a ballet number in last week's Performance Festival.

Edgecomb Eddy Families,

Lighthouse Learning Center would like to offer an after school program for families at Edgecomb Eddy. If there is enough interest, the program would start September 2017. The program would offer the following:

- Hours: Dismissal-5:00 pm
- Rate: \$15 per day, \$20 on early release day, families are able to pick a schedule that best suits their needs, one, two, up to all five days.
- We will offer trips to the Boothbay YMCA for activities for families who are interested. I will pick up children at first dismissal and will return to Edgecomb Eddy when the last event is done (generally around 4:30 pm). Parents will be responsible for signing their children up for activities and any cost that may occur.
- Horseback lessons, at Burke's Island Farm, will be available for anyone who is interested and again we will provide transportation.
- We will offer a Robotic class one day a week and children will have free time to work with the robots during the week.
- Excellent ratios of staff to children to insure that children are well supervised. Program will be licensed by the Department of Health and Human Services and staff will have proper background checks.
- While at the after school program children will have the opportunity to play outside as well as indoor activities like crafts, games, Lego, etc.

We currently offer an after school program at Boothbay Region Elementary School. Check out our Facebook page (after school program albums) to see all that we offer. If you are interested in enrolling your child into this after school program, please call Kimberly at 350-4200. We would like to know if there is enough interest soon so we can let parents know if this is a program we can offer at Edgecomb Eddy in the fall.

Thank you,
Kimberly Hilgendorf
